

SALTO \ KS

Keys as a Service

SALTO CLOUD-BASED LOCKING SOLUTION

SALTO KS SOLUTION IS A SMARTER WAY TO CONTROL YOUR BUSINESS ACCESS.

Its proven reliability and recognised stability brings cloud access control to every business, providing vastly better functionality and performance than is possible in a traditional mechanical solution with a flexible management system that requires no software installation nor the cost of a fully-wired electronic product - all you need is an online device with an Internet connection.

THE SALTO KS CLOUD NOW

SALTO KS Keys as a Service enjoys the stability of a strong existing customer base.

SYSTEM BENEFITS

We look out for our customer's interests and wellbeing. That is why we provide solutions that meet their needs and make things easy.

MAINTENANCE

Cloud access control doesn't need any effort on a customer's part to maintain or manage. It is always up-to-date with the latest features via instant updates and add-ons.

FLEXIBILITY

SALTO customers do not need to worry about the users/doors running out of capacity. It's essentially infinite in size.

RELIABILITY

Ensures real-time monitoring and immediate resolution of any issues.

ANYWHERE

Manage cloud-based access control from anywhere on-the-go with an online device with an Internet connection.

MULTI-PLATFORM

Manage cloud-based access control from any device with an Internet connection – phone, tablet, or PC.

REDUCTION OF OPERATIONAL COST

There's no need to purchase software licenses or install server racks to run the access control program, either for maintenance or back-ups.

Reduced TCO or social costs also reduced.

BETTER USER EXPERIENCE

Updated GUI in line with today's upgrades in tech communities and media.

BENEFITS

STOP REPLACING LOCKS

With SALTO KS, there's no need to replace a lock if keys are lost or stolen. Simply block the tags and assign new ones instantly. Secure your business and forget about unwanted intrusions.

KEEP ONE TAG WITH UNLIMITED KEYS

Heavy keychains are now a thing of the past. Say goodbye to mechanical keys and collect all your access rights on a single tag, which can be added as a guest to multiple systems.

CONTROL WHO GOES WHERE AND WHEN

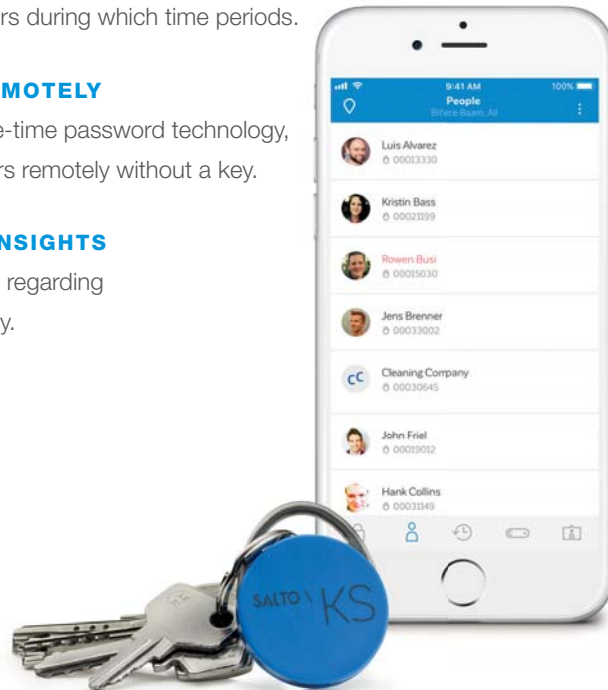

Saltoks.com allows you to individually define who can enter which doors during which time periods.

OPEN DOORS REMOTELY

With SALTO KS' one-time password technology, users can open doors remotely without a key.

GAIN ACTIVITY INSIGHTS

Receive notifications regarding door and user activity.

HOW IT WORKS

Access control, on the go and in real-time.

SALTOKS.COM AND MOBILE APP

Your portal to your account, where you can create access groups, manage users and view entries to your properties from your computer or mobile devices.

IQ

The IQ comes in different variants (Wi-Fi; POE, cellular) to connect to the cloud and Bluetooth to connect to the KS smart lock.

DOOR LOCKS

The SALTO cylinder and escutcheon are specially designed to fit different profile doors; even narrow profile framed doors. They can be installed on exterior doors as well. SALTO offers a wide range of finishes to choose from.

TAG

An RFID tag that makes keys a thing of the past. The tag triggers the lock to engage within seconds so visitors or staff can enter easily and according to their access rights.

CONTROL WITH CONVENIENCE

SALTO KS ACCOUNT

A SALTO KS account allows you to define who goes where and when in a building. Create profiles for users, assign or block tags, define which doors they may enter on which days, at which times.

MULTIPLATFORM

You can manage SALTO KS cloud-based access control from any device – phone, tablet, pc – all you need is an online device with an Internet connection.

RELIABILITY

Ensuring real-time monitoring and immediately solving any issues that may arise.

COMMUNICATE WITH ALL DOORS, AT ONCE IQ

The IQ2.0 uses 2G, 3G and 4G cellular connectivity to communicate with the SALTO cloud. Also available in WiFi or POE version and always available through Ethernet connection. The IQ2.0 communicates with SALTO KS access points via ZigBee/Bluetooth.

The IQ receives all changes and settings from the SALTO KS applications and ensures that all access points are updated within seconds.

SALTO PRODUCTS CAN
BE FOUND IN OVER 90 COUNTRIES
AROUND THE WORLD

FLEXIBILITY

SALTO KS customers don't need to worry about the number of doors allowed, as SALTO KS is effectively infinite in size.

WIRE-FREE LOCKING SOLUTION

Smart, secure, and easy to install,
SALTO's electronic locks don't need
hardwiring and won't sacrifice security.

SAY GOODBYE TO COPYING KEYS

TAGS

Tags replace your ring of keys and grant designated access to visitors, staff, or even delivery services whenever it's appropriate for them to enter. Simply assign a tag, and define when and where that tag can go. Lost tags are inevitable; simply block and assign a new one. Even receive a notification if someone tries to enter with a blocked tag.

EASY BLOCK
& UNBLOCK

MIFARE DESFIRE
EV1 TECHNOLOGY

TAG SHARING

ONE TAG, UNLIMITED KEYS

A single tag works for multiple SALTO KS accounts, and is compatible with SALTO SVN as well.

TELEMETRY AND ALERT NOTIFICATIONS

Self-customized message and alert notifications bring real-time information to access and door status.

KS CONNECT

A CLOUD CONNECTED SERVICE PLATFORM

A platform where future partners can find integrated cloud-based software and services.

SALTO built up an ecosystem of cloud applications where future partners/ services could be integrated: A world of possibilities for service and hardware integration.

KS Connect allows SALTO KS customers to have integrations with their existing software/tools to run their business with ease. KS Connect enables 3rd party software and service providers to enrich their offerings with smart lock functionality, as well as enhance the SALTO KS value proposition.

CAMERAMANAGER

EAGLE EYE CAMERAMANAGER CLOUD VIDEO SURVEILLANCE: CAMERAMANAGER

“A picture speaks a thousand words”

Eagle Eye CameraManager is built for the cloud, providing reliability and redundancy. It's ideal for servicing multiple locations and provides access to live and recorded video, from one or more locations, with a single login. Eagle Eye CameraManager is fully integrated in the Salto KS app.
