

RJ45 THROUGH CRIMP TOOL

NERJ45CPTOOL

Neptune Security Products has released a new RJ45 Through Crimp Tool. This versatile modular crimping tool is used with the Neptune NECAT5E6CP100, NECAT5ECP100, NECAT6CP100 through crimp connectors. It will save you time and money while ensuring your RJ45 connections perform.

Features:

- Crimps and cuts through crimp connectors in one action
- Leaves a clean, flush trim finish on the connector termination
- Ratchet mechanism requires less hand force
- Perfect solution for Cat5e/6 solid or stranded cables
- Strips and cuts round cables
