

New Software Update
Hyundai[®]-Kia[®] 2018
ADS2280 - Code D753493AD

August 2019

Advanced Diagnostics is pleased to announce the update of the ADS2280 key programming software for Hyundai[®] and Kia[®] vehicles.

What does the software do?

The ADS2280 software reads pincodes and programs bladed and proximity keys for numerous Hyundai[®] and Kia[®] vehicles.

All keys will be erased before programming. The security pin code can be read and input during the procedure using this software, whilst the transponder and the remote will be programmed at the same time when using a proximity key. For bladed keys transponder and remote are programmed separately. A working key is not required.

Note: This software is available for Smart Pro only.

What else will I need?
