

TAGGY KEYS

OPEN. TAG. CLOSE.

TAGGYKEYS

The first key designed for the users to tag themselves

Taggy Keys are a patented range designed to help customers identify their keys. They incorporate a plastic tag, available in five different colours, that can be easily customized by the users, thus making their key bunch more organized and, at the same, the individual keys more recognizable.

Taggy Keys: the only keys that you open, tag and close.

EXCLUSIVE SOLUTION

Taggy Keys' exclusive concept allow customers to personalize their keys and make them easy to identify.

TAGGY KEYS- MAIN FEATURES

Lightweight

Taggy Keys have the same size and thickness as a standard cylinder key, but incorporate a coloured element.

Rounded, iconic shape

Pleasing to touch and ergonomic to use, Taggy Keys resemble the Silca logo: an iconic key in every way.

Proven resistance

Taggy Keys have proven resistant beyond wear and tear. They are available in brass or steel, depending on the reference, with the long-lasting guarantee of Silca quality.

Unique design in multiple colours

Taggy Keys feature a patented concept and are available in five bright colours: red, orange, yellow, green, and blue.

Popular references

Taggy Keys are available in the most popular flat key references on the market.

Differentiated offer

Taggy Keys give you the chance to widen your colour key offer, enabling customers to personalize their key bundle and make it more organized.

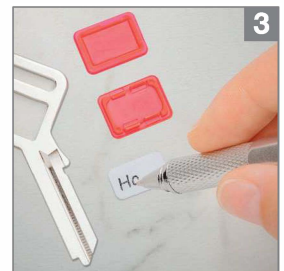

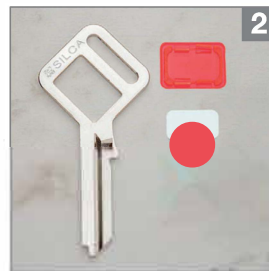

New sales opportunities

Taggy Keys are the perfect solution for customers who need to make multiple copies of the same key, such as public and communal buildings, tourist facilities, sports and hire centres, and for manufacturers of master key systems.

Advertising support
